

What Sweet Mystery

What sweet mystery that Jesus should die for me
I look at my life but find no reason for loving me
So why should it be that Jesus came seeking me
When I had turned away so many times before?

Chorus:

*But now I'm loving you and it's the best thing I do
Your grace has brought me to you*

Lord I've let you down once more I've strayed and found
I'm empty within and sin is bringing my life right down
So I turn to you your mercy I know is true
And looking to your face receive your grace once more

Chorus:

*But now I'm loving you and it's the best thing I do
Your grace has brought me to you*
